Word count: see cover letter. **Article type:** Original Research.
CRediT author contributions: [TODO: to be confirmed by the authors, e.g. P.C.: conceptualisation, data curation, formal analysis, software, visualisation, writing – original draft; U.A.: conceptualisation, methodology, supervision, writing – review and editing.]
Prior presentation: An abstract based on an earlier analysis of these data (BAI2575, "Revealing hidden jump strategies beyond conventional force-plate metrics") was submitted to BAICONF 2026, Indian Institute of Management Bangalore. The present manuscript reports a reanalysis with documented quality control, and its numbers supersede those of the abstract. [TODO: confirm the status of the conference paper (accepted, presented or published) and whether the journal must be told of it in the cover letter]
